What Sleepers Are Saying

★★★★★

"This is probably the 15th pillow I have purchased in the last 10 years and this is the first time one has helped. I have a **history of neck pain since breaking my neck over 10 years ago. No pillow had ever helped until this one.** First time I have slept comfortably in years. I cannot recommend this pillow enough."

What Can Dosaze Do For You?

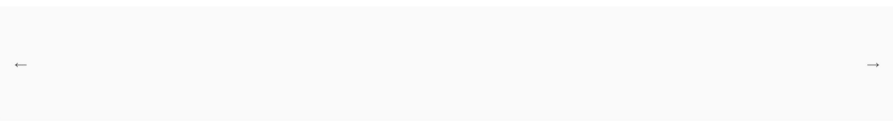

BENEFIT FOR

Neck pain relief

- The **innovative contoured design** keeps your head in place when you sleep, aligning your neck and back, providing immediate neck pain relief
- Elevated side bolsters** fill a side sleeper's shoulder gap, helping maintain neutral neck and spine alignment and reducing neck and back aches
- CertiPUR-US Certified Memory Foam** provides the perfect balance of comfort and support, alleviating pressure points while cradling your head
- Multiple heights** available to cater to different body types

How it works

Innovative shape aligns your neck and back, in every sleep position

"It does exactly what the website says it will do, it holds my neck and head in perfect alignment. I no longer feel stiffness in my neck or pressure pain" - Autumn

Your sleep alignment with a standard pillow.

Luxe memory foam provides perfect balance of comfort and support

"This pillow feels supportive, and I'm not waking up having to roll over because my neck or my ear has gotten sore" - Sarah C.

Works for side, back, stomach, and combination sleepers

"I have great support as I sleep on my back and these elevated sides work really well when I roll over on my side during the night." - Sharon F.

"I think it's the way the sides of the pillow are cut down that makes it better for side sleepers than other pillows I've used." - Robert B.

"I'm a side sleeper. This pillow has trained me to sleep more on my back but I'm still able to sleep on my side comfortably." - Erica A.

- Push side bolsters for side sleepers
- Ergonomic contour for neck alignment
- Clean CertiPUR-US® memory foam
- Removable & washable cover
- Premium, cooling bamboo cover

Why we're different

Technology	Materials	Benefits	Features
------------	-----------	----------	----------

Technology

Traditional pillows do not maintain proper alignment between your neck and back. Without an innovative contour and graduated slope, these pillows allow your neck and back to become misaligned, which is the most common cause of neck pain.

The Dosaze Contoured Orthopaedic Pillow utilizes an innovative contoured design crafted by in-house ergonomists and a proprietary high-density memory foam to keep your neck and back aligned while also offering superior comfort and support. The result is pain-free, restful sleep that leaves you refreshed and ready to take on the day.

Higher option appreciated

Higher pillow first (of MANY) that actually supports my arthritic neck. Thanks for this option!

Game changer

Just said goodbye to neck pains. This pillow has changed how I feel everyday. Was unsure about spending this amount of money on a pillow I hadn't tried, but I'm glad I did.

VERY IMPRESSED

Got this pillow a week ago and for me this pillow is very comfortable. It keeps my neck and shoulders straight and takes the pressure off of my shoulders.

Thickness of pillow

the dosaze pillow is a great pillow with good comfort and neck support. However there can be made an improvement in adding different thicknesses. I would prefer to have my pillow just 1 centimeter thinner...

I think this is the best thing I've ever bought

I invest in a good pillow! I now can only use this pillow to get a good nights rest, a different pillow won't cut it anymore. It really did help with my neck pain. Im more of a side sleeper than on my back but the...
